

STUDENT COUNCIL

The Student Council is a nominated body which stands for the progress of the students and works in-line with the institute administration. The goal of establishing the Council is to serve as an interactive medium between the administrative body and the students. All the activities of the council are monitored by one faculty coordinator of the institute.

The Council keeps on providing students with opportunities to improve their skills as leaders and tries to make the student's life better inside and outside the campus. It works on the metrics of student's success, wellness and career building.

Being the nominated student body, the council values the opinions and feedback of student community and put forth at the right platform in the campus. It facilitates the students to participate in various clubs and committees that showcase their talents in various student extension and outreach activities in the campus. These clubs and committees provide opportunities for students to use campus resources for constructive development of their skills.

Roles of the Student Council

1. To stand authoritatively for student community of the institute.
2. To facilitate sharing information between administrative officials and students.
3. To create a platform for sharing ideas and suggestions to the institute administration.
4. To encourage students in organizing and participating various co-curricular and extra-curricular activities.
5. To address and solve the problems encountered by students as their family head.

Responsibilities of the Student Council

1. To work with institute administration for planning and development of student related activities.
2. To involve maximum number of students in various student related activities
3. To participate in planning various academic and recreational activities for students.
4. To retain healthy relations with the institute administration and the staff.
5. To encourage the efforts of students in organizing various activities.
